

AUTOMATED

PROCESS

L I M I T E D

...innovative know-how

- Temperature Gauges and Switches
 - Thermocouples
- Resistance Thermometers
- Infrared Thermometers
- Thermomells, Fittings and Accessories

Temperature Measurement

- ## o Thermowells, Fittings And Accessories
- 
- The image displays a variety of industrial components used in process control and instrumentation. These include:
- Pressure gauges with different scales and mounting options.
 - Temperature sensors and thermowells, some with protective sheaths.
 - Control units and transmitters, some with digital displays.
 - Fittings and connectors for piping systems.
 - Specialized sensors and actuators.
- These components are essential for monitoring and controlling industrial processes, ensuring safety and efficiency.

TEMPERATURE GAUGES AND SWITCHES

- o Bimetal Thermometers
- o Gas Expansion Thermometers
- o Thermometers with switch functions

THERMOCOUPLES

- o Different types
- o Mineral insulated thermocouples
- o General purpose application
- o High temperature application
- o Engine application
- o With transmitter and switch functions
- o Ex application
- o With various process connections

RESISTANCE THERMOMETERS

- o For general purpose applications
- o For hygienic and aseptic applications
- o With transmitter, display and switch functions
- o Non-invasive version available
- o Versions for mobile machines
- o Bolt-on and screw-in versions

INFRARED THERMOMETERS

A collection of various medical devices, including catheters, connectors, and syringes, arranged on a white background. The devices include a blue catheter with a multi-lumen connector, a stainless steel catheter with a hexagonal base, a syringe with a needle, a red catheter with a multi-lumen connector, and several other stainless steel catheters and connectors of different shapes and sizes.

OUR INDUSTRIAL SOLUTIONS AND SERVICES OFFERING

1. Liquid/gas storage/buffer tank level measurement and control
2. Liquid/solid dosing/filling/batching systems
3. Utility liquid/gas metering and inventory systems
4. Fluid loading and unloading systems
5. Industrial safety systems
6. Energy monitoring and management systems
7. Condition monitoring and control systems
8. Instrument maintenance and calibration services
9. Process plants/machines instrumentation and control
10. Compressed air quality solution according to ISO8573
11. Compressed air/gas leak detection and control
12. Control valves system design, assembly and services
13. Industrial wireless and IoT systems
14. Motors, pumps and fans monitoring and controls
15. Electrical panel building components, accessories and services

INDUSTRY

- Food and Beverage
- Pharmaceuticals
- Cement and Chemicals
- Plastics, Printing and Packaging
- Marine, Oil & Gas
- Power and Energy

Third Floor, 30 Abeokuta Expressway, Near Cement Bus Stop, Dopemu, Lagos
